

AP French Language Required Summer Reading:

I am very much looking forward to teaching you in AP French language next year. Please read the following assignment over the summer in preparation for the course this fall. Study the vocabulary. Be sure you understand the plot, can give detailed character descriptions, and are able to discuss the underlying themes of each short story.

In addition, I would recommend that you read something else in French (for your pleasure!), that you view some French films, and that you converse with anyone and everyone who is willing to speak French with you. If you are lucky enough to be traveling to a French-speaking country, immerse yourself, jump right in, and use your language.

We will hit the ground running in August – so be prepared to work hard and think in French!

Trois contes – Guy de Maupassant (HANDOUT OR LINK)

La Parure

La Dot

Le Vengeur

Bon été et bonne lecture !
